**10. NO CONTACT PROVISION**

It is the policy of Fulton County that the evaluation and award process for County contracts shall be free from both actual and perceived impropriety, and that contacts between potential vendors and County officials, elected officials and staff regarding pending awards of County contracts shall be prohibited.

- a. No person, firm, or business entity, however situated or composed, obtaining a copy of or responding to this solicitation, shall initiate or continue any verbal or written communication regarding this solicitation with any County officer, elected official, employee, or designated County representative, between the date of the issuance of this solicitation and the date of the County Manager's recommendation to the Board of Commissioners for award of the subject

contract, except as may otherwise be specifically authorized and permitted by the terms and conditions of this solicitation.

- b. All verbal and written communications initiated by such person, firm, or entity regarding this solicitation, if same are authorized and permitted by the terms and conditions of this solicitation, shall be directed to the Purchasing Agent.
- c. Any violation of this prohibition of the initiation or continuation of verbal or written communications with County officers, elected officials, employees, or designated County representatives shall result in a written finding by the Purchasing Agent that the submitted Bid or proposal of the person, firm, or entity in violation is "non-responsive", and same shall not be considered for award.

11. **BID AND CONTRACT SECURITY:** A Bid Bond for an amount equal to five percent (5%) of the bid amount must accompany each Proposal. The bid bond shall be submitted in a separate, sealed envelope marked "Bid Bond".

**Bids must be accompanied by a bid bond or certified check** in an amount of five percent (5%) of the TOTAL AMOUNT of the base bid. The bid bond or certified check shall apply ONLY TO THIS BID. The bid name and contract number must appear on the security instrument. The bond must remain in full force and effect until the Bidder executes the final Contract. A certified cashier's check will be acceptable. When the bidder's package is opened, a Purchasing Agent will verify the presence of the Bid Bond and remove it from the bid package.

If the bidder withdraws its bid from the competition after the selection of its bid for a reason not authorized by Georgia law, the County will proceed on the Bid Bond, along with any other available remedies.

Any bid bond, performance bond, payment bond, or security deposit required for public works construction contract shall be approved and filed with purchasing agent. At the option of the County, if the surety named in the bond is other than a surety company authorized by law to do business in this state pursuant to a current certificate of authority to transact surety business by the Commissioner of Insurance, such bond shall not be approved and filed unless such surety is on the United States Department of Treasury's list of approved bond sureties.

A Purchasing Agent shall approve as to form and as to the solvency of the surety any bid bond, performance bond, or payment bond required. In the case of a bid bond, such approval shall be obtained prior to acceptance of the bid or proposal. In the case of payment bonds and performance bonds, such approval shall be obtained prior to the execution of the contract.

Whenever, in the judgment of the County:

- (1) Any surety on a bid, performance, or payment bond has become insolvent;
- (2) Any corporation surety is not longer certified or approved by the Commissioner of Insurance to do business in the state; or

(3) For any cause there are no longer proper or sufficient sureties on any or all the bonds

The County may require the contractor to strengthen any or all of the bonds or to furnish a new or additional bond or bonds within ten (10) days. Thereupon, if so ordered by the County, all work on the contract shall cease unless such new or additional bond or bonds are furnished. If such bond or bonds are not furnished within such time, the County may terminate the contract and complete the same as the agent of and at the expense of the contractor and his or her sureties.

Attorneys-in-fact for bidders who sign bid bonds or contract bonds must file with each bond a certified and effectively dated copy of their power of attorney.

12. **RIGHT TO REJECT BIDS:** The County reserves the right to reject any or all bids and to waive informalities. No bids will be received after the time set for opening bids. Unbalanced bids will be subject to rejection. Any bidder may withdraw his/her bid, either personally or by telegraphic or written request, at any time prior to the scheduled closing time for receipt of bids. Telegraphic or written requests for withdrawal must be in the possession of the County prior to the closing time for receipt of bids.
13. **APPLICABLE LAWS:** All applicable laws and regulations of the State of Georgia and ordinances and regulations of Fulton County shall apply. At the bid opening each bidder shall be presumed to have read and be familiar with the contract documents.
15. **INSURANCE AND RISK MANAGEMENT PROVISIONS:** Insurance and Risk Management Provisions and Indemnification and Hold Harmless provisions are outlined in Section 6 of this bid document. The bidder is required to sign the document and include it with its bid submission.

17. **BID OPENING:** Bids will be opened in public and read aloud. All bidders are requested to be present at the opening.
18. **DETERMINATION OF SUCCESSFUL BIDDER:** Fulton County desires to complete this work in a timely manner. The Contract will be awarded to the lowest responsive, responsible bidder(s), if awarded.
  - 1) **Responsibility:** The determination of the bidder's responsibility will be made by the County based on whether the bidder meets the following minimum requirements:

Failure to provide a bid unit price for any item shall be considered an incomplete bid and the bidder shall be determined non-responsive.

19. **NOTICE OF AWARD OF CONTRACT:** As soon as possible, and within sixty (60) days after receipt of bids, the County shall notify the successful Bidder of the Award of Contract.

The award shall be made by the Board of Commissioners of Fulton County to the lowest responsive, responsible bidder(s) as soon as possible after receipt of bids, taking into consideration price and the responsiveness to the requirements set forth in the Invitation for Bid. In such case, no claim shall be made by the selected Contractor(s) for loss of profit if the contract is not awarded or awarded for less work than is indicated and for less than the amount of his bid. The total of the awarded contract shall not exceed the available funds allocated for this project.

Should the County require additional time to award the contract, the time may be extended by mutual agreement between the County and the successful bidder. If an Award of Contract has not been made within sixty (60) days from the bid date or within the extension mutually agreed upon, the Bidder may withdraw the Bid without further liability on the part of either party.

Any award made by the Board of Commissioners as a result of this bid will begin from the date of the notice to proceed. The Bidder agrees hereby to commence work under this Contract, with adequate personnel and equipment, on a date to be specified in a written order of the Program Manager. The contract shall become effective on the Contract Date and shall continue in effect until the end of the term of the contract or until the project has been closed-out by the User Department unless earlier terminated pursuant to the termination provisions of the contract.

20. **BASIS OF AWARD:** The Contract, if awarded, will be awarded on a lump sum basis to the lowest responsive and responsible bidder. Each Bid must be accompanied by a Bid Bond in accordance with the Bid Bond Requirements provided in the Contract Documents, on a Surety Company's Standard Bid Bond Form acceptable to the County in an amount no less than 5% of the amount bid. The successful bidder will be required to furnish a Performance Bond and Payment Bond, **on or before** the issuance of Notice to Proceed, each in the amount of 100% of the Contract Amount. All other required Contract Documents must be fully completed and executed by the Contractor and his/her Surety, and submitted to the Owner **on or before** the issuance of the Notice to Proceed.

21. **EXECUTION OF CONTRACT DOCUMENTS:** Upon notification of Award of Contract, the County shall furnish the Contractor the conformed copies of Contract Documents for execution by the Contractor and Contractor's surety.

Within fifteen (15) days after receipt the Contractor shall return all the documents properly executed by the Contractor and the Contractor's surety. Attached to each document shall

be an original power-of-attorney for the person executing the bonds for the surety and certificates of insurance for the required insurance coverage.

After receipt of the documents executed by the Contractor and his surety with the power-of-attorney and certificates of insurance, the County shall complete the execution of the documents. Distribution of the completed documents will be made upon completion.

Should the contractor and/or surety fail to execute the documents within the time specified, the County shall have the right to proceed on the Bid Bond accompanying the bid.

If the County fails to execute the documents within the time limit specified, the Contractor shall have the right to withdraw the Contractor's bid without penalty.

Should an extension of any of the time limits stated above be required, this shall be done only by mutual agreement between both parties.

Any agreement or contract resulting from the acceptance of a bid shall be on a County approved document form. Offers from joint ventures that do not include these documents will be rejected as being non-responsive.

Such identification is intended to be descriptive but not restrictive, and is to indicate the general quality and characteristics of products that may be offered. Each item Bid must be individually identified as to whether it is a specified item or an equivalent item by typing or printing after the item(s): The brand name; model or manufacturer's number, or identification regularly used in the trade. Deviations from the specifications must be clearly and fully listed on the Bid sheet, including photographs or cuts, specifications, and dimensions of the proposed "alternate". Fulton County is the sole judge of "exact equivalent", or "alternate". The factors to be considered are: function, design, materials, construction, workmanship, finishes, operating features, overall quality, local service facilities, warranty terms and service, and other relevant features of item(s) Bid.
- P. For all Bids, Fulton County reserves the right to request representative samples. If requested, samples must be delivered at the Bidder's cost within three (3) business days. Samples are submitted at the risk of the Bidder and may be subjected to destructive tests by Fulton County. Samples must be plainly tagged with Fulton County's Bid number, item name, manufacturer, and the name of the Bidder.
- Q. Item(s) Bid must be complete and ready to operate. No obvious omissions of components or necessary parts shall be made even though the specifications may not detail or mention them. Unit(s) must be furnished with factory installed equipment and must be comparable with the basic form, fit, and functional requirements which are all to be included in the base price as well as any other equipment included as standard by the manufacturer or generally provided to the buying public.
- R. All successful Bidders must assume full responsibility for all item(s) damaged prior to F.O.B. Destination delivery and agree to hold harmless Fulton County of all responsibility for prosecuting damage claims.
- S. All successful Bidders must assume full responsibility for replacement of all defective or damaged goods within thirty (30) days of notice by Fulton County of such defect or damage.
- T. All successful Bidders must assume full responsibility for providing or ensuring warranty service on any and all items including goods, materials, or equipment provided to the County with warranty coverage. If a successful Bidder is not the manufacturer, all manufacturers' warranties must be passed through to Fulton County. The Bidder and not Fulton County is responsible for contacting the manufacturer of the warranty service provided during the warranty period and supervising the completion of the warranty service to the satisfaction of Fulton County.
- U. As a successful Bidder providing any equipment which requires fitting and assembly, the Bidder shall be solely responsible for such installation being performed by a Manufacturer's authorized or approved servicer or an experienced worker, utilizing workmanship of the highest caliber. The Bidder must verify all dimensions at the site, shall be responsible for their correctness, and shall be responsible for the availability of replacement parts when specified in writing by Fulton County in the specifications, purchase order, or other contract.

- V. A successful Bidder is solely responsible for disposing of all wrappings, crating, and other disposable material upon delivery of item(s).
- W. All Bidders are required to be authorized distributors or regularly engaged in the sale or distribution of the type of goods, materials, equipment or services for which the Bidder is submitting a Bid response in addition, all Bidders are required to provide Fulton County with three (3) written references documenting the successful completion of Bids or contracts for the types of items including goods, materials, equipment, or services for which the Bidder is submitting a Bid response. In instances where a Bidder has never supplied such goods, material, equipment, or services before, the Bidder must submit with the Bid response a statement and supporting documentation demonstrating such expertise, knowledge, or experience to establish the Bidder as a responsible Bidder, capable of meeting the Bid requirements should an award be made. No exceptions to this provision will be made unless authorized in the Bid specifications.
- X. Bidders may be required to furnish evidence that they maintain permanent places of business of a type and nature compatible with their Bid proposal, and are in all respects competent and eligible vendors to fulfill the terms of the specifications. Fulton County may make such investigations as it deems necessary to determine the ability of the Bidder to perform such work, and reserves the right to reject any Bidder if evidence fails to indicate that the Bidder is qualified to carry out the obligation of the Contract and to complete the work satisfactorily.
- Y. All Bidders must comply with all Fulton County Purchasing laws, policies, and procedures, non-discrimination in contracting and procurement ordinances, and relevant state and federal laws including but not limited to compliance with EEOC hiring guidelines and requirements under the Americans with Disabilities Act. Successful Bidder must obtain all permits, licenses, and inspections as required and furnish all labor, materials, insurance, equipment, tools, supervision, and incidentals necessary to accomplish the work in these specifications.
- Z. If a successful Bidder is unable or unwilling to enter into a Contract with Fulton County subsequent to being granted an award, or who fails to perform in accordance with the Bid specifications the Bidder will be subject to damages and all other relief allowed by law.
- AA. Successful Bidders contract directly with Fulton County and are the party or parties obligated to perform. Contracts may not be assigned and any failure to perform the Contract in accordance with the specifications will constitute a breach of Contract and may result in a Bidder being found to be "non-responsive" in the future.
- BB. In case of default by the successful Bidder, Fulton County may procure the articles for services from another source and hold the successful Bidder responsible for any resulting excess cost.
- CC. The County may award any Bid in whole or in part to one or more vendors or reject all Bids and/or waive any technicalities if it is in the best interests of the County to do so. In the event that all Bids are not rejected, Bids for items including goods, materials, equipment, and services will be awarded to the lowest "responsible" Bidder(s) as determined by Fulton County. Submitting the lowest Bid, as published at the Bid opening, does not constitute an award or the mutual expectation of an award of a Contract and purchase order. For purposes of this notice and the attached Bid sheets, a purchase order is a Contract to provide items including goods, materials, equipment, and services and is intended to have the full force and effect of

- a Contract. A breach of the terms and conditions of a purchase order constitutes a breach of Contract.
- DD. Bids for projects that are solicited pursuant to the Georgia Local Government Public Works Construction Law (O.C.G.A. § 36-91-1 et seq.) may withdrawn as follows:
- a. Competitive sealed Bids ("Bid") may not be revoked or withdrawn until 60 days after the time set by the governmental entity for opening of Bids. At the end of this time period, the Bid will cease to be valid, unless the Bidder provides written notice to the County prior to the scheduled expiration date that the Bid will be extended for a time period specified by the County.
- EE. In the evaluation of the Bids, any award will be subject to the Bid being:
- a. Compliant to the specification – meets form, fit, and function requirements stated or implied in the specification.
  - b. Lowest cost to the County over projected useful life.
  - c. Administratively Compliant – Including all required bonds, insurance, established quality of work and general reputation, financial responsibility, relevant experience, and related criteria.
- FF. All proposals and Bids submitted to Fulton County are subject to the Georgia "Open Records Act", Official Code of Georgia, Annotated (O.C.G.A.) §50-18-70 et seq.
- GG. All proposals and Bids submitted to Fulton County involving Utility Contracting are subject to the Georgia law governing licensing of Utility Contractors, O.C.G.A. §43-14-8.2(h). The Utility Contractor License number of the person who will perform the utility work shall be written on the face of the Bid envelope.
- HH. The apparent silence of this specification, and any supplement thereto, as to details, of the omission from it of a detailed description concerning any point, will be regarded as meaning only the best commercial practices are to prevail. Only materials of the highest quality, correct type, size, and design are to be used. All interpretations of this specification will be made upon the basis of this statement, with Fulton County interpretation to prevail.
- II. It is the policy of Fulton County that the evaluation and award process for County contracts shall be free from both actual and perceived impropriety, and that contacts between potential vendors and County officials, elected officials and staff regarding pending awards of County contracts shall be prohibited.
- a. No person, firm, or business entity, however situated or composed, obtaining a copy of or responding to this solicitation, shall initiate or continue any verbal or written communication regarding this solicitation with any County officer, elected official, employee, or designated County representative, between the date of the issuance of this solicitation and the date of the County Manager's recommendation to the Board of Commissioners for award of the subject contract, except as may otherwise be specifically authorized and permitted by the terms and conditions of this solicitation.
  - b. All verbal and written communications initiated by such person, firm, or entity regarding this solicitation, if same are authorized and permitted by the terms and conditions of this solicitation, shall be directed to the Purchasing Agent.
  - c. Any violation of this prohibition of the initiation or continuation of verbal or written communications with County officers, elected officials, employees, or designated County representatives shall result in a written finding by the Purchasing Agent

that the submitted Bid or proposal of the person, firm, or entity in violation is “non-responsive”, and same shall not be considered for award.

- JJ. Any Bidder intending to respond to this solicitation as a Joint Venture must submit an executed Joint Venture Agreement with this Bid. This agreement must designate those persons or entities authorized to execute documents or otherwise bind the Joint Venture in all transactions with Fulton County, or are accompanied by a document, binding upon the Joint Venture and its constituent members, making such designation. Bids from Joint Ventures that do not include these documents will be rejected as being “non-responsive”.
- KK. Any Bidder intending to respond to this solicitation must complete all of the Procurement Affidavit Forms provided in this solicitation. Bids that do not include these completed documents will be rejected as being “non-responsive”.

- (1) The Offeror certifies that neither it or its subcontractors is presently debarred, suspended, proposed for debarment, declared ineligible, or otherwise excluded from doing business with any government agency. Any such exclusion may cause prohibition of your firm from participating in any procurement by the Fulton County Government.
- (2) If the Offeror is unable to certify to any of the statements in this certification, such Offeror or subcontractor shall attach an explanation to this bid or proposal.

**INSTRUCTIONS FOR CERTIFICATION**

By signing and submitting this certification, the Offeror is providing the certification set out below:

- (1) The certification in this clause is a material representation of fact upon which reliance will be placed. If it is later determined that the prospective vendor knowingly rendered a false certification, the Purchasing Agent may pursue all available remedies, including suspension and/or debarment, for withdrawal of award or termination of a contract.
- (2) The prospective Offeror shall provide immediate written notice to the Purchasing Agent if at anytime the Offeror learns that its certification was erroneous when submitted or has become erroneous by reason of changed circumstances.
- (3) Offeror shall be under a continuing duty to immediately inform the Purchasing Agent in writing of any changes, if as a result of such changes, the Offeror certification regarding debarment is affected.

**DEBARMENT ORDINANCE**

The following Section 2-322 of Fulton County Code of Laws establishes the procedure for the debarment of contractors.

**Authority to suspend.**

After reasonable notice to the entity involved and reasonable opportunity for that entity to be heard, the Purchasing Agent, after consultation with user department, the County Manager and the County Attorney shall have the authority to suspend an entity for cause from consideration for award of county contracts. As used in this section, the term entity means any business entity, individual, firm, contractor, subcontractor or business corporation, partnership, limited liability corporation, firm, contractor, subcontractor or business structured; provided, further, that any such entity shall also be subject to suspension under this section if any of its constituents, members, subcontractors at any tier of such entity's and the entity, or any constituent or member, knew or should have known of the commission of the act. The suspension shall be for a period not to exceed three (3) years unless cause is based on a felony conviction for an offense related or associated with fraudulent contracting or misappropriation of funds wherein the suspension shall not exceed seven (7) years.

- (3) Conviction of state or federal anti-trust statutes arising out of the solicitation and submission of bids and proposals;
- (4) Violation of contract provisions, as set forth below, of a character which is regarded by the Purchasing Agent to be so serious as to justify suspension action:
  - a. Failure to perform in accordance with the specifications within a time limit provided in a county contract;
  - b. A recent record of failure to perform or unsatisfactory performance in accordance with the terms of one or more contracts; provided, that failure to perform or unsatisfactory performance caused by acts beyond the control of the contractor shall not be considered to be a basis for suspension;

  - d. Falsification of any documents.
- (5) For violation of the ethical standards set forth in Fulton County Code Chapter 9, Code of Ethics.

**Policy Statement:** It is the policy of Fulton County Government that discrimination against businesses by reason of the race, color, gender or national origin of the ownership of any such business is prohibited. Furthermore, it is the policy of the Board of Commissioners ("Board") that Fulton County and all vendors and contractors doing business with Fulton County shall provide to all businesses the opportunity to participate in contracting and procurement paid, in whole or in part, with monetary appropriations of the Board. Similarly, it is the policy of the Board that the contracting and procurement practices of Fulton County should not implicate Fulton County as either an active or passive participant in the discriminatory practices engaged in by private contractors seeking to obtain contracts with Fulton County.

In no event shall a subcontractor, sub-consultant or supplier be paid later than fifteen (15) days as provided for by state law.

**END OF SECTION 6**

**SECTION 7****SCOPE OF WORK AND TECHNICAL SPECIFICATIONS****1.0 GENERAL**

The purpose of the project specified herein is to provide sewer system cleaning services to restore system capacity to a minimum of 95 percent. The work to be performed under the contract shall consist of furnishing all labor, materials, tools, and equipment to perform sewer system cleaning and debris removal within the Fulton County sewer system (system). The Contractor shall perform the work as follows.

- A. Remove silt, debris, scale and grease from the pipe lines and associated manholes.
- B. Cleaning shall be performed using self-contained hydro flushing/vacuum equipment specifically designed to clean sewer systems. At a minimum, the equipment shall be suitable for use in gravity sewers from 6-24 inches in diameter. Nozzles shall be designed to clean the pipe without damage to the system.
- C. Methods that employ mechanical pipe line equipment shall not be used.

**2.0 DEFINITIONS**

- A. **NORMAL CLEANING** - up to three passes with a high pressure water nozzle designed for use in a sewer collection system. Debris shall be removed from the system for final disposal.
- B. **HEAVY CLEANING** - cleaning of a sewer that has an average depth of foreign material, debris, and/or roots equal to more than 25 percent of the diameter of the pipe over the manhole-to-manhole pipe length requiring up to 8 passes with a high pressure water nozzle designed for use in a sewer collection system. Debris shall be removed from the system for final disposal. Heavy cleaning does not include root cutting or grease abatement.

**3.0 EXECUTION**

- A. The Contractor shall furnish all labor, equipment, supplies, and supervision and shall perform all work required in accordance with these specifications. System cleaning shall be performed in the areas selected and approved by the County.
- B. It shall be the responsibility of the Contractor to schedule and perform work to prevent system overflows. If flows are such that they interfere with the Contractor's ability to perform the work, then the Contractor shall be responsible to schedule his work during low flow periods or to request written permission to perform by-pass pumping around the site. The Contractor may provide by-pass pumping only with specific approval from the County.
- C. In the event the equipment becomes lodged in the sewer line, the Contractor shall notify the County immediately. The Contractor shall take all steps necessary to remove the lodged equipment from the system in a timely manner. The Contractor shall take precautions to minimize the likelihood of damage to the system and/or the possibility of

overflows resulting from the lodged equipment creating a blockage. If excavation is required to remove the lodge equipment, the Contractor will be required to follow the County's standards for such excavation and system repairs. The Contractor shall be responsible for **all** related costs.

- D. The Contractor shall immediately notify the County of any defects which appear to require immediate corrective action.
- E. All debris created by the cleaning process shall be removed from the manhole and properly disposed of by the Contractor.
- F. The Contractor shall obtain a meter from the County, inform the County of the location where potable water will be accessed prior to obtaining such, and meter the quantities withdrawn, report quantities of water used during the project to the County in the weekly report.

#### 4.0 SEWER LINE CLEANING

- A. Sewer line cleaning shall be performed to remove foreign material and restore pipe capacity to a minimum of 95 percent.
- B. All sewer cleaning operations shall be conducted from the downstream manhole.
- C. Prior to cleaning any sewer line, the Contractor shall install a debris trapping system in the outlet of the downstream manhole to capture sludge, dirt, grease, sand, rocks, etc. The captured material shall be removed from the manhole prior to the removal of the system and moving on to the next segment.
- D. Conditions such as broken pipe and major blockages may prevent cleaning from being accomplished, especially where additional damage would result if cleaning were attempted or continued. Should such conditions be encountered, the Contractor shall not be required to clean those specific pipe segments unless the County removes the apparent obstruction.
- E. Selection of the equipment shall be the sole discretion of the Contractor and based on the conditions of lines at the time the work commences. The equipment shall be capable of removing dirt, grease, rocks, sand, and other materials and obstructions from the sewer lines and manholes.
- F. If cleaning of an entire segment cannot be successfully performed from one manhole, the equipment shall be set up at the other manhole and cleaning again attempted. If successful cleaning still cannot be performed or the equipment fails to traverse the entire manhole-to-manhole pipe segment, it will be assumed that a major blockage exists and the cleaning operation will be abandoned. The cleaning operator will note these occurrences in his daily cleaning log and notify the County immediately. The Contractor will be compensated for the actual length of sewer cleaned should this occur.
- G. All sludge, dirt, sand, rocks, grease, and other solid or semi-solid materials resulting from the cleaning operation shall be removed at the downstream manhole of the segment being cleaned. Passing materials from pipe segment to pipe segment, which could cause line stoppages, accumulations of debris in wet wells, interference with in-line permanent

flow monitoring equipment or damage to pumping equipment, will not be permitted. Under no circumstances shall sewage or solids removed during the cleaning operation be dumped onto the streets or in ditches, catch basins, or storm drains.

- H. All sludge, dirt, sand, rocks, grease, and other solid or semisolid materials removed from the sewers and manholes during the cleaning operation shall be drained of water and transported to the local dumpsite. The Contractor shall be responsible for the final disposal of debris removed from the sewer system.
- I. The location of manholes and line segments which require additional equipment and manpower to access and perform cleaning operations are considered to be in an easement. Additional equipment includes, but is not limited to an easement machine, additional vacuum hose, additional manpower, etc.
- J. All "heavy" cleaning shall be approved by the County prior to execution of the work.

#### 5.0 MANHOLE CLEANING

- A. The Contractor shall scour debris or grease-laden manhole walls with a high-velocity water gun. If the impact of the high-velocity water appears to be weakening the structural integrity of the manhole wall, the Contractor shall discontinue the scouring on the manhole and notify the County.
- B. Manhole cleaning shall be conducted on manholes connecting the pipe segments in areas of the system as selected and approved by the County. Manholes not connected to the selected pipe segments may be identified by the County to be included in the contract.
- C. All debris removed during the cleaning process shall be properly disposed of by the Contractor.

#### 6.0 REMOVAL OF STABILIZED DEBRIS FROM MANHOLES

- A. The Contractor shall provide all labor, materials and equipment necessary for the removal of stabilized debris creating obstructions to the free and unimpeded flow of wastewater through sanitary sewer mains and/or obstructions or material that may prevent the entry of cleaning equipment. Removal of obstruction and/or material shall be pre-approved by the County.
- B. A jack-hammer or air-hammer with chisel-type tip driven by compressed air shall be used for removal of stabilized debris in manholes.
- C. Care shall be taken not to damage the manhole. The work shall be performed in a manner which will not damage the pipes, manholes or access points to the sewer line. When stabilized debris needing to be removed is encountered, the Contractor shall notify the County before proceeding with its removal.

## 7.0 SEWER SYSTEM GREASE ABATEMENT

- A. The Contractor shall remove grease deposits from wastewater collection systems by applying a chemical agent into sanitary sewers with the ability of liquefying hard, soap-like grease deposits and maintaining said deposits in a liquid, fluid state indefinitely.
- B. The product must contain a blend of essential surfactants to liquefy hard sewer grease, and maintain said grease in a liquid, fluid state indefinitely. The product shall be Jet Power II or approved equal. To demonstrate equivalence, the proposed product shall, at a minimum, meet the following criteria:
  - 1. Shall not contain petroleum solvents, and must be completely biodegradable.
  - 2. Shall not be corrosive or contain acids, alkalis, and/or chlorinated or quaternary compounds.
  - 3. Shall be equally effective in collection system pipelines, pump stations, wet wells, and manholes.
  - 4. Shall be a liquid that is totally miscible in water, in order to form a complete emulsion when mixed with water.
  - 5. Shall be designed for application by high pressure collection system cleaning equipment.
  - 6. Shall not be harmful to downstream Waste Water Treatment facilities; plant, animal, or marine life; collection system pipes, pumps and other appurtenances; or hydraulic sewer cleaning equipment.
  - 7. Shall demonstrate successful use for a period of not less than 2 years and with at least 5 municipal users which the Owner can verify. The Contractor shall provide the County with a reference list accordingly.
  - 8. Prior to acceptance, the Contractor shall demonstrate the performance of the alternative product within a pipe segment, manhole, and/or wet well at a location selected by the County.

## 8.0 PRECAUTIONS

- A. The Contractor shall provide a written *Overflow Response and Mitigation Plan* to the County for review and approval prior to the first mobilization.
- B. In the event of a system overflow or back-up into a building caused by cleaning activities, the Contractor shall notify the County and mitigate immediately. Within three days of the event, the Contractor shall submit to the County a written report including the location, date and time, duration, volume, water body/property owner impacted, corrective actions taken, clean up procedures executed. All related costs, including but not limited to legal and regulatory, shall be the responsibility of the Contractor.
- C. During sewer cleaning operations, satisfactory precautions shall be taken by the Contractor in the use of cleaning equipment. Precautions shall be taken to ensure that

- D. The Contractor shall not dispose of or allow any liquid or solid waste from the sewer system cleaning operation to enter any drainage structure, ditch, or paved surface.

#### 9.0 DEBRIS REMOVAL/DISPOSAL

- A. All material resulting from the cleaning operation shall be prevented from passing the downstream manhole.
- B. All material removed from the system by the cleaning operation shall be dewatered on site and removed from the worksite by the Contractor. The final disposal of the material is the responsibility of the Contractor.
- C. The final disposal of the debris shall be in a landfill. The Contractor shall be responsible for securing the arrangements and paying all related fees accordingly.
- D. All material shall be removed from the worksite daily. Under no circumstances shall he Contractor accumulate material beyond the end of the work day.
- E. Material removal/disposal shall be included in the unit price for line cleaning.
- F. Material quantities shall be reported to the County on a weekly basis. Volume of material removed per group of system segments cleaned per day will be quantified in the report.

#### 10.0 ACCEPTANCE OF COMPLETED WORK/POST INSPECTION

- A. The Contractor will use a proofing tool to guarantee that a minimum of 95 percent of the cross sectional area is free from foreign material at all points along the pipe's length.
- B. Within 30 days of system cleaning, the Contractor shall inspect up to ten percent of the system cleaned to verify the success of the project. The segments of the system will be selected randomly by the County. The Contractor may use a pole mounted, high resolution camera or conventional CCTV camera to inspect the selected pipe segments. A written report and corresponding professionally documented video will be provided to the County for all segments inspected.

If a pole camera is used, a video inspection shall be taken in both the upstream and downstream manholes for each pipe segment. A light source shall be inserted into the manhole opposite the manhole where the pole camera is inserted to ensure full view of the included pipe segment. If the entire segment cannot be properly evaluated using a pole mounted camera, a tractor mounted camera shall be used for the evaluation of that segment. All costs related to post inspection evaluations shall be included in the unit price for cleaning.

- C. The County will review the post inspection video to determine whether or not the Contractor has successfully completed the work. The County's decision as to compliance with this requirement is final and binding. The Contractor shall clean all failed sections within two business days after being notified of the failure by the County.

- D. If any segment fails the post inspection, the Contractor shall inspect twenty percent of the system cleaned by the Contractor within the preceding thirty days pursuant to section 10.0-B. If more than five percent of the segments fail the second post inspection evaluation, the Contractor shall select from the two following options:
  - a. The Contractor may inspect the entire group of segments cleaned within the preceding thirty days (pursuant to section 10.0-B) to demonstrate that all line segments meet the 95 percent requirement.
  - b. The Contractor may re-clean all segments cleaned within the preceding thirty days.
- E. Acceptance of the work shall be made upon the successful completion of the quality inspection and approval by the County.
- F. The County shall not be liable for payment to the Contractor for cleaning sewer segment that have not met the criteria for cleaning.

#### 11.0 TRAFFIC CONTROL

- A. The Contractor shall conform to requirements for traffic control established by the current *Manual of Uniform Traffic Control Devices*, Federal, State, and local laws. ## ARTICLE 29. **JURISDICTION**

This Agreement will be executed and implemented in Fulton County. Further, this Agreement shall be administered and interpreted under the laws of the State of Georgia. Jurisdiction of litigation arising from this Agreement shall be in the **Fulton County Superior Courts**. If any part of this Agreement is found to be in conflict with applicable laws, such part shall be inoperative, null and void insofar as it is in conflict with said laws, but the remainder of this Agreement shall be in full force and effect.

Whenever reference is made in the Agreement to standards or codes in accordance with which work is to be performed, the edition or revision of the standards or codes current on the effective date of this Agreement shall apply, unless otherwise expressly stated.

## ARTICLE 30. **EQUAL EMPLOYMENT OPPORTUNITY**

During the performance of this Agreement, Contractor agrees as follows:

Section 30.01 Contractor will not discriminate against any employee or applicant for employment because of race, creed, color, sex or national origin;

Section 30.02 Contractor will, in all solicitations or advertisements for employees placed by, or on behalf of, Contractor state that all qualified applicants, will receive consideration for employment without regard to race, creed, color, sex or national origin;

Section 30.03 Contractor will cause the foregoing provisions to be inserted in all subcontracts for any work covered by the Agreement so that such provision will be binding upon each subcontractor, provided that the foregoing provisions shall not apply to contracts or subcontracts for standard commercial supplies or raw materials.

## ARTICLE 31. **FORCE MAJEURE**

Neither County nor Contractor shall be deemed in violation of this Agreement if either is prevented from performing its obligations hereunder for any reason beyond its control, including but not limited to acts of God, civil or military authority, act of public enemy, accidents, fires, explosions, earthquakes, floods or

catastrophic failures of public transportation, provided however, that nothing herein shall relieve or be construed to relieve Contractor from performing its obligations hereunder in the event of riots, rebellions or legal strikes.

#### ARTICLE 32. **OPEN RECORDS ACT**

The Georgia Open Records Act, O.C.G.A. Section 50-18-70 et seq., applies to this Agreement. The Contractor acknowledges that any documents or computerized data provided to the County by the Contractor may be subject to release to the public. The Contractor also acknowledges that documents and computerized data created or held by the Contractor in relation to the Agreement may be subject to release to the public, to include documents turned over to the County. The Contractor shall cooperate with and provide assistance to the County in rapidly responding to Open Records Act requests. The Contractor shall notify the County of any Open Records Act requests no later than 24 hours following receipt of any such requests by the Contractor. The Contractor shall promptly comply with the instructions or requests of the County in relation to responding to Open Records Act requests.

#### ARTICLE 33. **CONTRACTOR'S COMPLIANCE WITH ALL ASSURANCES OR PROMISES MADE IN RESPONSE TO PROCUREMENT**

Where the procurement documents do not place a degree or level of service relating to the scope of work, M/FBE participation, or any other matter relating to the services being procured, should any Contractor submit a response to the County promising to provide a certain level of service for the scope of work, M/FBE participation, or any other matter, including where such promises or assurances are greater than what is required by the procurement documents, and should this response containing these promises or assurances be accepted by the County and made a part of the Contract Documents, then the degree or level of service promised relating to the scope of work, M/FBE participation, or other matter shall be considered to be a material part of the Agreement between the Contractor and the County, such that the Contractor's failure to provide the agreed upon degree or level of service or participation shall be a material breach of the Agreement giving the County just cause to terminate the Agreement for cause, pursuant to ARTICLE 14 of the Agreement.

#### ARTICLE 34. **INVOICING AND PAYMENT**

Contractor shall submit monthly invoices for work performed during the previous calendar month, in a form acceptable to the County and accompanied by all support documentation requested by the County, for payment and for services that were completed during the preceding phase. The County shall review for approval of said invoices. The County shall have the right not to pay any invoice or part thereof if not properly supported, or if the costs requested or a part thereof, as determined by the County, are reasonably in excess of the actual stage of completion.

**Time of Payment:** Invoices for payment shall be submitted to County by the first (1st) calendar day of the month to facilitate processing for payment in that same month. Invoices received after the first (1st) calendar day of the month may not be paid until the last day of the following month. The County shall make payments to Contractor by U.S. mail approximately thirty (30) days after receipt of a proper invoice. Parties hereto expressly agree that the above contract term shall supersede the rates of interest, payment periods, and contract and subcontract terms provided for under the Georgia Prompt Pay Act, O.C.G.A. 13-11-1 et seq., pursuant to 13-11-7(b), and the rates of interest, payment periods, and contract and subcontract terms provided for under the Prompt Pay Act shall have no application to this Agreement; parties further agree that the County shall not be liable for any interest or penalty arising from late payments.

**Submittal of Invoices:** Contractor shall submit all invoices in original and one (1) copy to:

**Fulton County Department of Water Resources**

Attention: **Accounts Payable**

Optional: [A narrative of one (1) page only, listing the scope of services billed for shall accompany each invoice.]

**County's Right to Withhold Payments:** The County may withhold payments for services that involve disputed costs, involve disputed audits, or are otherwise performed in an inadequate fashion. Payments withheld by the County will be released and paid to the Contractor when the services are subsequently performed adequately and on a timely basis, the causes for disputes are reconciled or any other remedies or actions stipulated by the County are satisfied. The County shall promptly pay any undisputed items contained in such invoices.

**Payment of Sub-contractors/Suppliers:** The Contractor must certify in writing that all sub-contractors of the Contractor and suppliers have been promptly paid for work and materials and previous progress payments received. In the event the prime Contractor is unable to pay sub-contractors or suppliers until it has received a progress payment from Fulton County, the prime Contractor shall pay all sub-contractors or supplier funds due from said progress payments within forty-eight (48) hours of receipt of payment from Fulton County and in no event later than fifteen days as provided for by State Law.

**Acceptance of Payments by Contractor; Release.** The acceptance by the Contractor of any payment for services under this Agreement will, in each instance, operate as, and be a release to the County from, all claim and liability to the Contractor for work performed or furnished for or relating to the service for which payment was accepted, unless the Contractor within five (5) days of its receipt of a payment, advises the County in writing of a specific claim it contends is not released by that payment.

#### ARTICLE 35. TAXES

The Contractor shall pay all sales, retail, occupational, service, excise, old age benefit and unemployment compensation taxes, consumer, use and other similar taxes, as well as any other taxes or duties on the materials, equipment, and labor for the work provided by the Contractor which are legally enacted by any municipal, county, state or federal authority, department or agency at the time bids are received, whether or not yet effective. The Contractor shall maintain records pertaining to such taxes as well as payment thereof and shall make the same available to the County at all reasonable times for inspection and copying. The Contractor shall apply for any and all tax exemptions which may be applicable and shall timely request from the County such documents and information as may be necessary to obtain such tax exemptions. The County shall have no liability to the Contractor for payment of any tax from which it is exempt.

#### ARTICLE 36. PERMITS, LICENSES AND BONDS

All permits and licenses necessary for the work shall be secured and paid for by the Contractor. If any permit, license or certificate expires or is revoked, terminated, or suspended as a result of any action on the part of the Contractor, the Contractor shall not be entitled to additional compensation or time.

#### ARTICLE 37. NON-APPROPRIATION

This Agreement states the total obligation of the County to the Contractor for the calendar year of execution. Notwithstanding anything contained in this Agreement, the obligation of the County to make payments provided under this Agreement shall be subject to annual appropriations of funds thereof by the governing body of the County and such obligation shall not constitute a pledge of the full faith and credit of the County within the meaning of any constitutional debt limitation. The Director of Finance shall deliver written notice to the Contractor in the event the County does not intend to budget funds for the succeeding Contract year.

Notwithstanding anything contained in this Agreement, if sufficient funds have not been appropriated to support continuation of this Agreement for an additional

calendar year or an additional term of the Agreement, this Agreement shall terminate absolutely and without further obligation on the part of the County at the close of the calendar year of its execution and at the close of each succeeding calendar year of which it may be renewed, unless a shorter termination period is provided or the County suspends performance pending the appropriation of funds.

#### ARTICLE 38. **WAGE CLAUSE**

Contractor shall agree that in the performance of this Agreement the Contractor will comply with all lawful agreements, if any, which the Contractor had made with any association, union, or other entity, with respect to wages, salaries, and working conditions, so as not to cause inconvenience, picketing, or work stoppage.

**IN WITNESS THEREOF**, the Parties hereto have caused this Contract to be executed by their duly authorized representatives as attested and witnessed and their corporate seals to be hereunto affixed as of the day and year date first above written.
